Employee Assistance Program

Your resource for help with daily challenges and difficult situations

Legal Services

Balancing the needs of your private life with your professional responsibilities is not always easy. It can be particularly difficult when legal issues arise. Your Employee Assistance Program (EAP) provides legal services that can help you deal with a wide range of legal concerns.

With Legal Services, you receive one free 60-minute consultation per issue, per year on the phone or in-person with an attorney, and one free 30-minute consultation per issue, per year with a mediator. The attorney and mediator will listen to you and help you determine how to resolve the legal issue*.

Discounts are available for services beyond the initial 60-minute consultation.
