Employee Assistance Program

Your resource for help with daily challenges and difficult situations

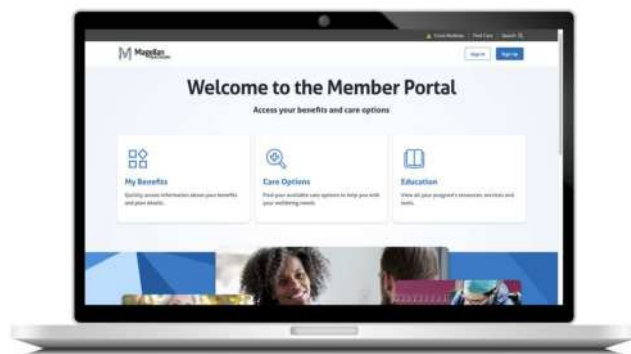

Life has its ups and downs—but finding support shouldn't be difficult.

Your Employee Assistance Program (EAP) member website offers a simple, seamless way to connect you and your eligible dependents with the care, resources and wellbeing tools you need—anytime, anywhere.

To begin using your Employee Assistance Program (EAP) member website, visit eap.calhr.ca.gov. You'll see a variety of tiles representing available EAP services and resources.

1. Click on any tile to get started.
2. In the pop-up box labeled "Search for your organization," enter your department name, starting with "**State of CA.**"

You'll then be directed to the selected service or resource page.

As you explore the EAP website, you'll notice four navigation tabs that appear on every page:

- **Home** – Return to the main page where you can access tiles for My Benefits, Care Options, and Education. You'll also find trending content, the monthly newsletter, live webinar registration and the latest wellbeing topics and engagement opportunities.
- **My Benefits** – See all EAP benefits in one place with instant access to a wide range of wellbeing services. You can easily explore support for counseling, financial, legal, work-life, digital emotional wellbeing and more.
- **Care Options** – Find care options to streamline connection to care professionals and quickly access self-help tools, crisis support, condition-specific resources and guides to help you manage your care with confidence.
- **Education** – Explore wellbeing resources including clinically validated articles, videos, self-assessments and webinars on a wide range of topics from anxiety to zones of productivity.

When you have a question or can't find the answer right away, the Live Chat feature, available on every page on your EAP website, gives you access to Customer Experience Associates who can guide you to what you need.
